

Customs data pack: shipment SH-6FA28926

Prepared 05 October 2026 for entry in CA

1 thing to resolve before filing

- An HS code is too short for CA.
 - line 1: 6302.60 is 6 digits, CA needs 10
 - line 2: 6302.60 is 6 digits, CA needs 10

Not checked

- quantities match: there is no approved packing list to compare the invoice with.
- weights match: only one approved document carries a gross weight, so there is nothing to compare it with.
